PACKAGING SPECIFICATION

Product	Lactose Monohydrate, grade AlderLac 200M
Document no. / revision	PS-LACTOSE-ALDERL / Rev. 3
Effective date	01 Mar 2026
Applies to	All lots supplied to Brightvale Pharmaceuticals Ltd.

1. Scope

This specification defines the packaging materials, pack sizes and labelling for Lactose Monohydrate (AlderLac 200M) supplied as a pharmaceutical excipient. Changes require written notification under the Quality Agreement.

2. Packaging components

Level	Description
Primary (product contact)	LDPE inner liner, 80 um, natural, heat-sealed / cable-tied
Secondary	3-ply kraft paper bag with PE-coated inner ply, valve-free open-mouth, 25 kg net
Tertiary / transport	EUR-pallet 1200 x 800 mm (ISPM 15 stamped), 40 bags per pallet (1,000 kg), stretch-hooded

The primary liner complies with Commission Regulation (EU) No 10/2011 and is free of animal-derived additives. Declarations of compliance are available on request.

3. Pack data

Parameter	Value
Net content per bag	25.0 kg +/- 0.1 kg
Approx. gross weight	25.4 kg approx.

4. Labelling

Each bag and each pallet carries a label with the following minimum information:

Field	Content
Product name and grade	Lactose Monohydrate - AlderLac 200M
Batch / Lot number	Alphanumeric lot number, e.g. AL-260817-03
Pharmacopoeial status	Ph. Eur. 0187 / USP-NF / JP (harmonised)
Net weight	25.0 kg +/- 0.1 kg
Manufacturer	Alderwood Excipients GmbH, Hafenstrasse 22, Ludwigshafen am Rhein, Germany
Date of manufacture / retest date	As printed on label (DD Mon YYYY)
Storage statement	Store dry at 15 - 30 °C, below 65 % RH, away from strong odours.

5. Storage and shelf life

Store dry at 15 - 30 °C, below 65 % RH, away from strong odours. Shelf life: 36 months from date of manufacture (retest thereafter).

6. Tamper evidence and integrity

Liners are closed with a tamper-evident seal. Pallets are secured with numbered transport seals recorded on the Chain of Custody record. Damaged or opened bags must be reported on receipt.

7. Change control

Any change to packaging materials, bag size or labelling will be notified to the customer at least 6 months before implementation.
